**Commission Comment:** The Commission corrected the spelling of the word “licensed” before the first occurrence of the word “under” pursuant to its authority by 1 CMC § 3806(g) to correct manifest errors. TLL 14-2 took effect on March 31, 2005, and contained severability and savings provisions. TLL 14-2 contained a technical defect with its title caption format by not stating it was a local bill for an act and the name of the senatorial district as mandated by 1 CMC § 1406.

TLL was enacted on September 15, 2006, and contained severability and savings provisions.
