

TITLE 2: NATURAL RESOURCES
DIVISION 7: BUILDING AND ZONING CODES

§ 7123. Restrictions on Employees.

No employee of the Building Safety Division, or other officer of the Commonwealth government engaged in administering or enforcing the provisions of this safety code, shall, during the term of his or her employment, be engaged directly or indirectly in any building business, enter into any building contracts or furnish building materials, plans or specifications for others. However, such employee or officer may design, construct, or contract for the design or construction of a building or structure for his or her own use after having so declared in writing his or her intention to do so to the building safety official. No such employee or officer shall be involved with the enforcement or any approvals required under this safety code of any such building or structure.
