

TITLE 3: HUMAN RESOURCES
DIVISION 2: HEALTH

§ 2739. Importation of Drugs.

No person shall import foreign drugs unless:

- (a) The foreign drug was purchased or acquired for personal use;
- (b) The intended use of the foreign drug is appropriately identified and such prescription or product shall not extend in excess of three months;
- (c) The patient seeking to import or who imports the product(s) shall affirm in writing that it is for personal use and shall provide the name and address of the licensed physician in the U.S. or foreign countries responsible for such prescription and the name and telephone number of an authorized pharmaceutical business establishment where the foreign drug was purchased.
