Commission Comment: [PL 14-16](#) was enacted on June 18, 2004 and contained a short title, findings and purpose, severability, and savings clause provisions. [PL 14-16](#) stated in pertinent part:

Section 1. Short Title. This Act may be cited as the “Veteran’s License Plate Act of 2004.”

Section 2. Findings and Purpose. The Legislature finds that in recognition of the Commonwealth’s veterans of the U.S. Armed Forces during World War II and the Korean and Vietnam Wars, and in other conflicts, that a significant gesture in expressing the gratitude of the people to our veterans is to commemorate their courageous deeds by making available license plates designed specifically for these distinguished members of our community. Other states and territories have provided such a visible tribute to its veterans and it is time that the Commonwealth also remembers the contributions and the sacrifices made by the sons and daughters of the Commonwealth that have led to the freedom we enjoy today.

The Commission struck the figure “100%” from subsection (d) pursuant to [1 CMC § 3806\(e\)](#). [PL 18-22](#), contained, in addition to savings and severability clauses, the following:

Section 1. Findings and purpose. The Legislature finds that many brave men and women of the Commonwealth willingly answered the call to defend the freedoms we are enjoying by fighting for our country not only in foreign lands but also in our islands. Furthermore, the Legislature finds that many men and women put their lives on the line so they make our country a safer place to live in. Additionally, the Legislature finds that the sacrifices these selfless and valiant men and women made in leaving their families to face adversities in foreign lands such as Korea, Vietnam, Kosovo, Kuwait, Afghanistan, Horn of Africa, and Iraq merits recognition and a meaningful way to show our gratitude is by lowering the license plate fees for Veterans. The Legislature further finds that no fee shall be charged for the issuance of a veteran license plate to a veteran rate by the U.S. Department of Veterans Affairs at a one hundred percent (100%) permanent and total disability. Other states and territories have provided such benefits to its veterans and it is time that the Commonwealth also remembers the contributions and the sacrifices made by the sons and daughters of the Commonwealth that have led to the freedom we enjoy today. Additionally, the Legislature finds that in order for a veteran to avail to the discounted benefit, he or she must have at least served 160 consecutive active service days and must have been honorably discharged from the United States Armed Forces. The

Legislature further finds that veterans must be certified eligible by the CNMI Veterans Office and must not have more than a misdemeanor criminal offense within each one year period in order to avail of the discounted benefit. Therefore, the intent of this Act is to amend Title 9, Division 2 Chapter 1 § 2116 ([Public Law 14-16](#)).

In addition to severability and savings clauses [PL 19-26](#) (Dec. 14, 2015) contained the following Findings and Purpose section:

Section 1. Findings and purpose. The Commonwealth Legislature strongly recognizes that the freedom that we have today is through the hard sacrifices of our members serving in the U.S. Armed Forces. The Commonwealth Legislature further recognizes that the price of our freedom comes at the cost of the lives of our soldiers who fought to protect our liberties. The Commonwealth Legislature finds that Guam honors the families who have lost a loved one who fought overseas through [Guam Public Law 30-161](#). [Guam Public Law 30-161](#) honors our fallen heroes by recognizing their ultimate sacrifices through the issuance of special gold star license plates to their families. To honor our fallen men and women, the Commonwealth Legislature concurs with the need to also establish special gold star license plates for the families who have lost a loved one while serving our country. The plates shall serve as a reminder of the ultimate sacrifice they made so that we may enjoy the very freedom we have today.

In codifying [PL 20-37](#), the Commission struck the word “Army” after “Coast Guard” in (a) and (b) to avoid repetition; inserted a comma after “Air National Guard” and “Air Force” in (a) and (b); changed “percent” to “%” in (a)(2) and (b)(3); struck “of this section” after subsection references in (b)(2) and (b)(3); changed “rate” to “rated”, “one hundred percent” to “100%”, and “disable” to “disabled” in (d); changed “noncommercial to “non-commercial” in (e)(3); changed “9 CMC 5653” to “9 CMC § 5653” in (e)(4); and omitted drafting marks pursuant to [1 CMC § 3806](#)(g). The Commission rearranged and renumbered subsection (b)(4) to (b)(2) pursuant to [1 CMC § 3806](#)(b). The Commission substituted “PL 20-37” for “this Act” in (f) pursuant to [1 CMC § 3806](#)(d).
