**H. B. No. 19-65, SS1**

**AN ACT**

**TO PROHIBIT THE SALE, OFFER, OR GIVING OF ARECA NUT (BETEL NUT) TO ANY PERSON WHO IS UNDER THE AGE OF 18 (MINORS); AND FOR OTHER PURPOSES.**

**Be it enacted by the Nineteenth Northern Marianas Commonwealth Legislature:**

1           **Section 1. Findings and purpose.** The Legislature finds that the Areca nut is the  
2 seed of the areca palm which grows in much of the tropical Pacific, Asia, and parts of east  
3 Africa. It is commonly referred to as betel nut, as it is often chewed wrapped in betel leaves  
4 and mixed with lime. Chewing the mixture of areca nut, betel leaf, and lime is a tradition,  
5 custom or ritual which dates back thousands of years in much of the geographical areas from  
6 South Asia eastward to the Pacific. It constitutes an important and popular cultural activity in  
7 many Asian and Oceanic countries, the Philippines, Palau, Federated States of Micronesia,  
8 Guam, Papua New Guinea, the Solomon Islands, Vanuatu, the Commonwealth of the  
9 Northern Mariana Islands, and many more other countries.

10           The Legislature finds that recent studies have shown that Areca nut (Betel Nut) is an  
11 addictive substance that is consumed in many parts of the world by people of all age groups.  
12 However, studies, reports, and presentations have been published over the years that focus on  
13 the dangers of Betel Nut chewing. In 2003, the International Agency for Research on Cancer

## HOUSE BILL 19-65, SS1

1 (IARC), a World Health Organization sponsored group, reached the conclusion after  
2 reviewing published medical research that there is sufficient evidence that the habit of  
3 chewing betel nut, with or without tobacco, is carcinogenic to humans; October of 2009,  
4 30 scientists from 10 countries met at IARC to reassess the carcinogenicity of various agents  
5 including areca nut, and mechanisms of carcinogenesis; 2012, the World Health Organization  
6 of the Western Pacific Region released a technical report “Review of Areca (Betel) Nut and  
7 Tobacco Use in the Pacific”; and April of 2015, Dr. Yvette C. Paulino an Assistant Professor  
8 of Health Sciences at the University of Guam presented the health risks of Betel Nut chewing  
9 at the Oral Cancer Health Forum held at the Pacific Island’s Club Saipan. All have  
10 confirmed that there is sufficient evidence that Betel Nut, with or without tobacco, can cause  
11 cancer most especially oral cancer. The evidence illustrated betel nut chewers as having  
12 increased risk of developing a range of serious diseases, including cancers of the mouth and  
13 esophagus.

14 Over the years betel nut chewing has become a significant public health problem.  
15 Oral cancer is alarmingly increasing within our society and sadly most cases result in death  
16 because of its aggressive nature. Thus, the Legislature finds the need to develop policies to  
17 protect our youth from the danger of developing oral cancer.

18 **Section 2. Enactment.** Subject to proper codification by the Commonwealth Law  
19 Revision the following new provision is hereby enacted:

20 “101. Short Title. This Act shall be known as “Betel Nut Control Act of

8 license fee is not paid on or before the expiration date, the license shall automatically  
9 be suspended and a late renewal fee of \$25.00 per day shall be imposed against the  
10 licensee. If payment is made within 31 days after the expiration of license, the  
11 Secretary may reinstate the renewal of license. However, if payment is not made for  
12 the renewal of license within 31 days after the expiration of license, the license shall  
13 automatically be revoked and the Secretary of Commerce shall not issue a license  
14 except upon a new original application.

15 109. Appropriation of License and Application Filing Fees. All license and  
16 application filing fees collected by the Department of Commerce, ABTC Division,  
17 shall be allocated to that Division for the purpose of the administration of the Areca  
18 Nut (Betel Nut) licensing program. The expenditure authority shall lie with the  
19 Secretary of Commerce. All such license and filing fees collected shall be deposited  
20 into a revolving fund and any unused funds at the end of a fiscal year shall not lapse  
21 and shall be available without fiscal limitation. Said funds shall not be reprogrammed  
22 or transferred back into the general fund, or any other account.

23 110. Privileges: Limitations. A license is limited to the privileges conferred  
24 therein, and a licensee may not exercise any other privileges.

7 guidelines. During the course of every minor decoy program performed under this
